REVENUE SECRETARY

GOVERNMENT OF MYSORE

Minute by the Minister for Local Self Government

Camp,
8th October, 1943

I inspected the Kirlai Panchayat Municipality on the 4th October 1943 and found the town in a very bad and insanitary condition. There is no proper drainage. Roads are not properly maintained. From the representation made by the Councillors and others it is obvious that the municipal income is not sufficient to maintain the roads in a good condition. In order to give immediate relief I propose to give a grant of Rs. 3,000/- out of Town Improvement grant with definite instructions that the entire amount must be spent both for improving the roads in the town which are in a very bad condition and for making arrangements for locating manure pits away from the town acquiring land if need be for the purpose.

I later on inspected Soligrama Panchayat Municipality on the same day. There again the condition of the town is very insanitary. Excepting the main road, the other roads are not properly maintained. The Municipality pleads financial inability to bring the roads to any tolerable condition immediately. Hence a lump sum grant of Rs. 5,000/- may be given from Town Improvement grant towards immediate repairs of such of those roads which are in a very bad condition and to attend to immediate needs of sanitation.
